Ultimate ID® Plus monitoring services begin once you successfully validate your identity and complete the activation / authentication process. The primary owner and one joint owner of the account are required to each have their own email address for activation. You will receive an email with instructions on how to complete the authentication and enrollment process. If you do not complete the activation process, you will still have access to Fully Managed Identity & Fraud Protection which includes remediation and recovery services. Ultimate ID® Plus is powered by IdentityForce®, a TransUnion® brand. Other restrictions and limitations apply and are subject to change by IdentityForce®, Inc., Generations Gold, Inc., or any other related provider. Please see the Ultimate ID® Plus Terms and Conditions at [www.sontiq.com/terms-of-use/](http://www.sontiq.com/terms-of-use/) for complete details. To report an identity theft incident or for assistance obtaining your activation link, please call 844-548-0261 and speak with a dedicated Ultimate ID® Plus resolution specialist. No one can fully prevent all identity theft.
